

# SHREYA JHA

shreyaalpha1@gmail.com Madhubani, INDIA 847211

## Skills

- UI/UX design
- JSON handling
- Bootstrap framework
- Git proficiency
- HTML templating
- User interface design
- JavaScript development
- Prototyping skills
- Responsive design
- Web development
- Version control and Git
- NodeJS

## Experience

Bharat Electronics Limited |  
Ghaziabad, India  
**Trainee Intern**  
10/2025 - 11/2025

- Developed an **Employee Entry System as an internship project** to understand how employee's digital attendance system works and managed.
- The project helped me gain **practical experience in system workflow, form-based data entry, and real-world project development.**

Entire Digital Solutions | NOIDA-63,  
India  
**Web Design Intern**  
08/2025 - 10/2025

- Worked on UI/UX design and prototyping to create clear, easy-to-use screens, which helped users understand the product better.
- Used **JavaScript** to add interactivity and improve page flow, making the application smoother and more responsive.
- Supported the team by improving the screen layout and usability, which helped speed up development and reduced design changes later.

## Education and Training

Ram Krishna College | Madhubani, India  
**Bachelor of Computer Applications** in Computer Programming  
Expected in 07/2026

- Current CGPA: 9.0
